

EXIOM PLUS FZ LLC

A PLUS+ FOR YOUR SOLUTIONS

We are built on **Trust**, driven by **Integrity**, and
Committed to **Precision**

/COMPANY PROFILE ●

WHO WE ARE

Exiom Plus, headquartered in the UAE, is a global supplier of MEP equipment, Electrical systems, and Industrial Automation solutions.

We specialize in sourcing Rare, Obsolete, and Non-standard components From World-leading brands - All with Fast lead times and competitive Pricing.

Backed by 24/7 operations and a robust global network, Exiom Plus goes Beyond traditional supply - we are your Execution Partner, delivering smart Procurement, Speed, and Seamless Service, **On time, Every time.**

MISSION

To Empower industries across the GCC and beyond by delivering reliable, Innovative, and affordable industrial Supply solutions through strong global Partnerships.

MISSION

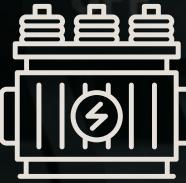

VISION

To become the most trusted and Efficient industrial supply partner in The region, recognized for quality, Speed, and Customer satisfaction.

OUR PRODUCT RANGE

Exiom Plus is a one-stop industrial supply hub, delivering high-quality and hard-to-find products across multiple sectors including Construction, Electrical, Marine, Oil & Gas, Mechanical, and Automation.

We specialize in reliable sourcing and fast delivery, locally and globally, ensuring every client has the right solution, at the right time.

ELECTRICAL EQUIPMENT

Exiom Plus offers a comprehensive range of electrical solutions designed for residential, commercial, and industrial applications.

Our portfolio includes **circuit breakers (MCB, MCCB, ACB)**, **contactors**, **switchgears**, **motor starters**, **SMPS**, **servo drives**, **panel boards**, **switches**, **Sockets**, **fuses**, **distribution systems**, **cables**, **lighting**, **generators**, and **transformers**.

We source from globally trusted brands, ensuring the highest standards of reliability, safety, and compliance in every project. Whether powering a home, factory, or complex industrial system, our electrical products deliver consistent performance and long-term dependability.

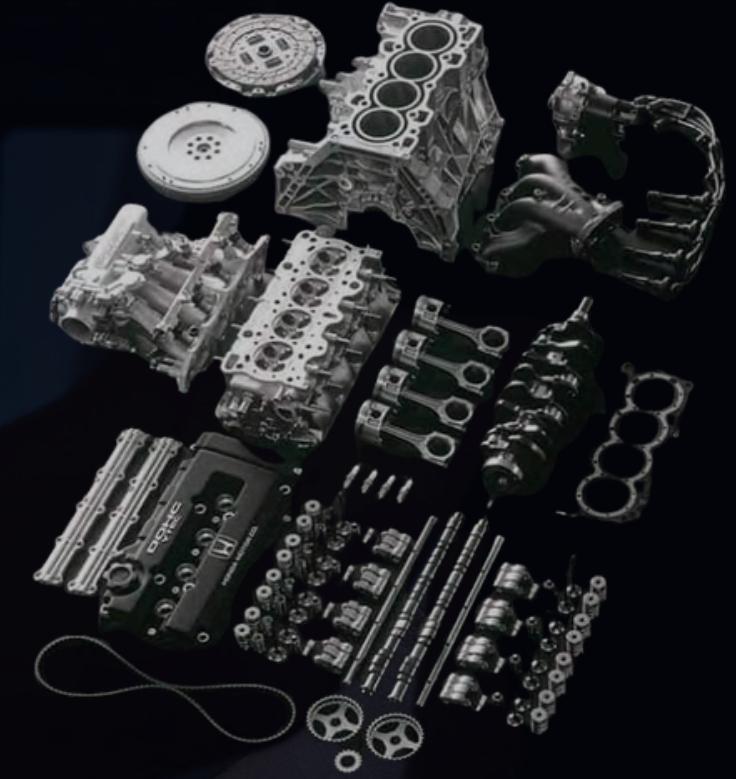

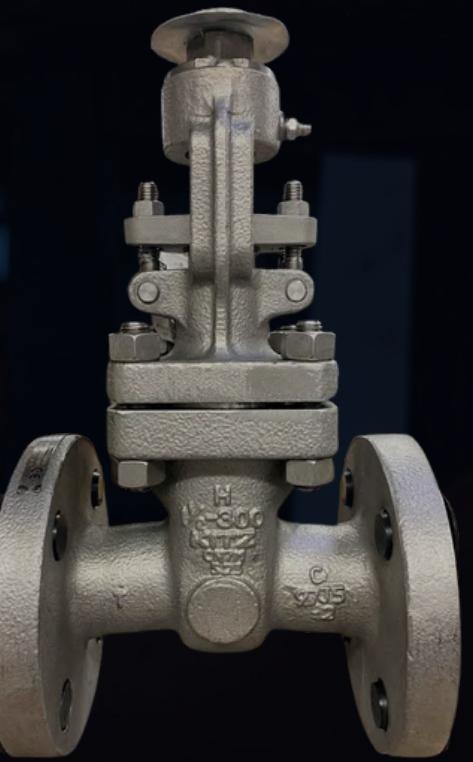

MECHANICAL COMPONENTS & EQUIPMENT

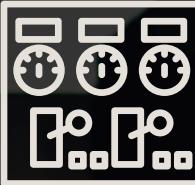

Exiom Plus offers a comprehensive portfolio of high-quality mechanical components and industrial equipment engineered to support demanding project requirements across multiple sectors.

Our product range includes a wide selection of **Valves (ball, gate, globe, butterfly, check), pumps, flanges, gearboxes, actuators, compressors, and a complete range of piping accessories and fittings.**

These solutions are carefully selected to meet international standards and ensure seamless integration into complex mechanical and process systems.

We source our materials and equipment from globally recognized and trusted manufacturers, ensuring strict compliance with industry specifications, safety requirements, and quality benchmarks. This allows us to provide durable, precise, and high-performance solutions that support critical operations and long-term project success.

AUTOMATION & CONTROL SYSTEMS

We specialize in providing advanced automation and control solutions that enable industries to operate with higher efficiency, safety, and precision. Our product portfolio is designed to cover the full spectrum of industrial automation needs, from basic control functions to complex process monitoring and communication systems.

Our portfolio includes,

Programmable Logic Controllers (PLCs),

Variable Frequency Drives (VFDs)

Sensors & Control Panels,

Human Machine Interfaces (HMIs),

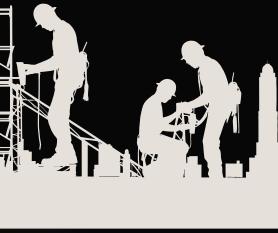

Relays, Timers, & Converters.

SCADA & Industrial Communication,

Transmitters, Calibration Tools & Analyzers

By partnering with world-renowned brands such as Siemens, ABB, Mitsubishi, Omron, Autonics, and Schneider Electric, we ensure that our clients receive cutting-edge technology, robust performance, and long-lasting reliability in every automation project.

CONSTRUCTION EQUIPMENT & SPARE PARTS

We supply a wide range of construction equipment, spare parts, and consumables to support contractors, builders, and industrial projects.

Our product portfolio covers:

Heavy Equipment Spare Parts: Excavator, crane, and loader parts for reliable performance and minimal downtime.

Cable Management Solutions: Cable trays, trunking, GI/SS conduits for safe and efficient wiring installations.

Fasteners & Fixing Systems: Bolts, anchors, supports, and clamps engineered for strength and durability.

Building Materials & Chemicals: Cementitious and epoxy grouts, adhesives, and sealants for long-lasting construction.

Portable Power & Tools: Generators, welding machines, compressors, and hand tools for on-site efficiency.

Sheets & Surface Materials: MDF boards, aluminium sheets, paints, and finishing products for multiple applications.

With products sourced from trusted manufacturers, we ensure durability, safety, and reliability at every stage of the project.

OIL & GAS EQUIPMENT

We supply specialized equipment and solutions for the oil, gas, and petrochemical industries, designed to meet the highest standards of safety, reliability, and compliance in hazardous and demanding environments.

Our product range includes:

Flameproof Junction Boxes (Exd/Exe): ATEX/IECEx-certified enclosures ensuring safe electrical distribution in hazardous zones.

Cable Glands (Exd/Exe): Explosion-proof glands providing secure sealing and cable protection in oilfield installations.

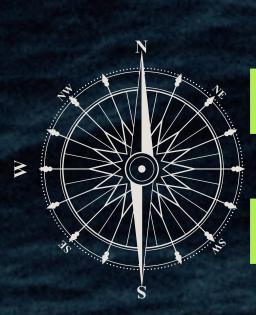

Pressure Regulators & Surge Protectors: Reliable protection for pipelines, gas systems, and electrical networks.

Instrumentation Panels & Enclosures: Custom-built control and monitoring systems engineered for harsh offshore and onshore conditions.

API/ASME Certified Equipment: Globally sourced products meeting strict oil & gas industry certifications and project requirements.

Process Valves & Accessories: High-quality valves for critical flow control in upstream, midstream, and downstream operations.

MARINE EQUIPMENT

We provide a comprehensive range of marine-grade equipment and accessories designed to perform reliably in the toughest offshore and on-board environments. Built to withstand saltwater, humidity, and extreme weather conditions, our solutions ensure safety, durability, and compliance with international marine standards.

Our product range includes:

Marine-Grade Cables & Cable Glands: Resistant to corrosion and seawater for safe power and signal transmission.

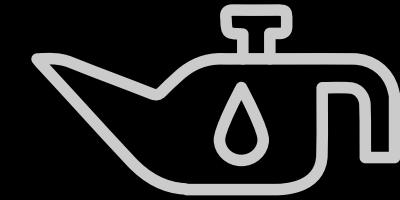

Lighting Solutions: Navigation lights, floodlights, and searchlights engineered for visibility and safety at sea.

Power & Control Systems: Marine control panels, switchboards, and EX enclosures designed for critical operations.

Marine Batteries: Long-life, high-performance batteries built for reliable power backup in offshore conditions.

Hardware & Accessories: Stainless steel hardware, cable trays, and IP68-rated gear for maximum protection against water and dust.

INDUSTRIAL LUBRICANTS, ADDITIVES & FILTERS

We supply specialized equipment and solutions for the oil, gas, and petrochemical industries, designed to meet the highest standards of safety, reliability, and compliance in hazardous and demanding environments.

Product Range Includes:

Lubricants & Oils – Engine oils, hydraulic oils, gear oils, compressor oils.

Greases – Multi-purpose, high-temperature, and extreme-pressure greases.

Additives – Performance boosters for wear protection, rust prevention, and extended service intervals.

Specialty Products – Synthetic lubricants, food-grade lubricants, and biodegradable oils for specific applications.

With products sourced from globally trusted brands such as Mobil, Shell, Castrol, and TotalEnergies, we provide tailored lubrication solutions for manufacturing, power generation, construction, transportation, and heavy equipment industries.

INDUSTRIAL TOOLS- FIRE & SAFETY

We provide a comprehensive range of industrial tools and certified fire safety solutions to ensure workplace safety and operational efficiency. Our products are designed to meet international safety standards, offering reliability in critical environments across industrial, construction, and marine sectors.

Product Range

- **Fire & Safety Equipment**

- Smoke Detectors, Flame Sensors, Heat Sensors
- Fire Alarm Control Panels & Accessories
- Emergency Lighting Systems
- Fire Extinguishers (CO₂, Foam, Dry Powder)
- Gas Leak Detectors, Sirens & Beacons
- Certified PPE Kits, Helmets, Gloves & Lockout Systems

- **Industrial Tools**

- Power Tools (Drills, Grinders, Cutters)
- Hand Tools (Wrenches, Screwdrivers, Hammers)
- Measuring Devices (Multimeters, Calipers, Testers)
- Safety Lockout/Tagout Solutions

SERVICES WE PROVIDE

- Specialized Sourcing of Rare, Discontinued & Legacy Items
- Global Procurement & Worldwide Shipping
- Bulk Supply, Custom Kitting & Packaging Solutions
- Comprehensive Documentation (COO, MSDS, Datasheets, Compliance)
- Reliable refill support - all delivered on time as Promised

WORLDWIDE SHIPPING

PARTNERS

Exiom Plus proudly serves the UAE, GCC, and Europe — Including Saudi Arabia, Qatar, Kuwait, Oman, Bahrain, Italy, and India. We specialize in urgent, non-standard, and Discontinued Components, making us a trusted partner For contractors, EPCs, And automation firms.

We ensure:

- Fast international shipping
- Export-compliant packaging
- Reliable support for urgent needs
- Seamless project-based delivery

 WHERE YOUR PROJECT GOES — EXIOM PLUS DELIVERS.

OUR CLIENTS & GLOBAL REACH

TRUSTED WORLDWIDE DELIVERED LOCALLY

At Exiom Plus, we pride ourselves on delivering exceptional Service to Clients across the Middle East, Asia, Africa, and Europe. From fast-Growing SMEs to multinational Conglomerates, our clients rely on us For critical supplies, rare Product sourcing, and just-in-time delivery That keeps their Operations running.

OUR TRUSTED CLIENTS INCLUDE:

- MEP Contractors & EPC Companies
- Industrial Automation Firms
- Construction Giants
- Facility Management Companies
- Marine & Offshore Services
- Government & Semi-Government Entities

GLOBAL SUPPLY NETWORK:

- UAE (HQ & Primary Logistics Hub)
- India (Support & Vendor Coordination)
- Germany (Specialty Automation & Machinery)
- China (Volume Supplies & Rapid Fulfillment)
- Turkey (Electrical & Mechanical Equipment)
- Italy (Specialty Components)
- USA (High-End Automation & Spare Parts)
- Lead Times as Fast as 2-5 Days

 **EXIOM PLUS IS MORE THAN A DISTRIBUTOR —
WE ARE YOUR EXECUTION PARTNER ACROSS GEOGRAPHIES**

BRANDS WE TRUST & PARTNERS WE WORK WITH

At Exiom Plus, we work closely with world-renowned brands And authorized distributors to ensure that every product Delivered is genuine, high-performance, and backed by Global standards. Our partnerships reflect our commitment To Quality, Consistency, and long-term Value for every Client.

PROCUREMENT PARTNERSHIPS & NETWORK

We maintain strong working relationships with:

- OEMs (Original Equipment Manufacturers)
- Authorized Distributors
- International Stockists
- Direct Factory Representatives
- This allows us to offer Competitive pricing, warranty Support, and original Documentation (COO, MSDS, Datasheets).

Looking for a specific Brand or Part?

We collaborate with globally recognized brands to deliver quality, Reliability, and innovation across every project.

OUR LEADING BRAND PARTNERS

WHY CHOOSE EXIOM PLUS

Reliable Global Sourcing

We identify and deliver even the most hard-to-find or Obsolete items through our vast international supplier network.

Fast & On-Time Delivery

Our streamlined operations and 24/7 team ensure that Your materials reach you within promised lead times—no delays.

Customized Procurement Solutions

We offer tailored sourcing, packaging, and delivery solutions to Match your specific project or operational needs.

Trusted by Professionals

We are the preferred partner for engineers, contractors, project Managers, and procurement heads across the region.
